Your Price: \$95

Purina's proprietary Accuration® technology helps support year-round sustained nutrition and its unique formula provides a high level of fat, while at the same time does not contain any added copper.

RangeLand® Protein Tubs are a free choice supplement designed for beef cattle on forage diets. The low moisture, cooked molasses products in biodegradable fiber or non-returnable plastic containers will enhance intake and utilization of available forages, while reducing labor for producers.
